## Undergraduate Engineering Programs

### Aggie Engineering: The Phenomenal Undergraduate Experience...

Undergraduates in the Look College of Engineering come from all walks of life, every state in the nation, and from around the world, offering a truly great cultural and educational experience for all students. Our aim is to ensure that your engineering education reflects our philosophy for the success of **all** students. At the Look College, you are more than a number. You are a person and your success is important to us.

When you enroll in the Look College of Engineering, you're choosing engineering at its finest. We offer the best of all worlds: 16 majors from which to choose, state-of-the-art facilities, over 400 diverse faculty and an exciting and vibrant campus. Engineering has been an integral part of Texas A&M since its founding in 1876. Today there are almost 10,000 students enrolled in our college.

The College of Engineering offers undergraduate engineering programs in aerospace, biological and agricultural, biomedical, chemical, civil, computer, electrical, industrial, mechanical, nuclear, ocean, petroleum and radiological health engineering, as well as in computer science, engineering technology and industrial distribution.

The College is dedicated to outreach, academic enrichment, and leadership development for the benefit of the underrepresented engineering student community. Our Multi-Ethnic Engineering Program, Women's Program, and Honor's Program are focal points in our recruitment and retention of more students for engineering careers.

The Look College ranks second nationally in total enrollment and fifth in the number of engineering bachelor's degrees awarded. It is fourth in the number of degrees awarded to women, sixth in degrees awarded to Hispanics, and 26th in degrees awarded to African-Americans. Typically, the Look college's students are holders of more than 30% of the university's National Merit scholarships.

We have top-notch academic programs, challenging integrated curriculums, renowned faculty and some of the best-equipped teaching and research facilities available to prepare you for the ultimate engineering experience. We welcome you to our tradition of excellence and look forward to your educational success - including lifelong links to the Aggie network!

## Texas A&M University

<http://www.tamu.edu>

Texas A&M University, a land-grant, sea-grant, and space-grant institution, attracted a mere six students when it opened in 1876. Now, it's one of the five largest institutions of higher learning in the nation, with a student body of more than 46,500.

On the basis of full-time undergraduate students, it is the largest university in the United States. It consistently ranks among the top 10 universities in attracting high-achieving National Merit Scholars. Its students include men and women of all races, religions, and backgrounds from all 50 states and more than 100 other countries.

## Bachelor's Degrees Offered

MAJOR / DEGREE PROGRAM	DEPARTMENT*	BS DEGREE
Aerospace Engineering	AERO	■
Biological and Agricultural Engineering	BAEN	■
Biomedical Engineering	BMEN	■
Chemical Engineering	CHEN	■
Civil Engineering	CVEN	■
Computer Engineering - CS Track	CPSC	■
Computer Engineering - EE Track	ECEN	■
Computer Science	CPSC	■
Electrical Engineering	ECEN	■
Engineering Technology	ETID	■
Industrial Distribution	ETID	■
Industrial Engineering	ISEN	■
Mechanical Engineering	MEEN	■
Nuclear Engineering	NUEN	■
Ocean Engineering	CVEN	■
Petroleum Engineering	PETE	■
Radiological Health Engineering	NUEN	■

\* AERO = Aerospace Engineering; BAEN = Biological & Agricultural Engineering; BMEN = Biomedical Engineering; CHEN = Chemical Engineering; CPSC = Computer Science; CVEN = Civil Engineering; ECEN = Electrical & Computer Engineering; ETID = Engineering Technology & Industrial Distribution; ISEN = Industrial & Systems Engineering; MEEN = Mechanical Engineering; NUEN = Nuclear Engineering; PETE = Petroleum Engineering

**All degrees offered by the Dwight Look College of Engineering are accredited by ABET, Inc. (formerly the national Accreditation Board of Engineering and Technology).**

*About ABET, Inc.  
ABET is a federation of 31 professional engineering and technical societies. Since 1932, ABET has provided quality assurance of education through accreditation. ABET accredits more than 2500 engineering, engineering technology, computing and applied science programs at over 550 colleges and universities nationally. ABET is recognized by the Council on Higher Education Accreditation.*
